Web Designing

Work Experience

UI/UX Developer | Advin Softwares Pvt Ltd | 28/05/2025 — Present
Designed and implemented responsive web and mobile screens for the Nishwik project using HTML5, CSS3, JavaScript, and Bootstrap. Partnered with UI/UX teams to convert Figma wireframes into pixel-perfect, user-friendly interfaces, ensuring consistency, performance, and an optimal experience across devices

Tech-A-Intern (Web Developer Intern)
Completed a web development internship, gaining hands-on experience in creating and maintaining websites, as well as enhancing skills in front-end and back-end technologies.

Let's Grow More (Web Developer Intern)
Work with various programming languages and frameworks (HTML, CSS, JS) to implement web solution.

Tech-A-Intern (Graphics Designer Intern)
Completed a graphic design internship, acquiring practical experience in visual design, branding, and creating engaging graphics for various media.

My Projects

Nishwik Global Fintech
Designed and prototyped scalable UI/UX in Figma across modules including school management, hospital services, housing society, real estate, and pay-later systems, delivering responsive experiences for mobile and web platforms.

Attendance Management System
Attendance System using QR and OCR.

Medical E-Commerce Site
E-Commerce built using PHP and SQL

Pizza Shop UI
Created UI on Figma based on various modules such as payment, variety, and cart.
